

Asthma Study

Are you or a family member using albuterol only?

Qualified participants receive study related care at no cost, which may include medications.

Compensation for time & travel may be provided. The 3 week study involves only 2 visits & 2 phone calls.

Qualified Candidates Must:

- **Be age 5 or older**
- **Be diagnosed with asthma**
- **Use only albuterol for asthma relief**
- **Notice asthma symptoms 2 or more days over the past 7 days.**

To see if you or your child may qualify please reach out by phone or email.
